

# SR 89/SR 69

## CONSTRUCTION NOTICE

Fall/Winter 2008

### Traffic Interchange Work on Schedule

The Arizona Department of Transportation (ADOT) is improving the traffic interchange where State Route (SR) 89 meets SR 69 near downtown Prescott. Scheduled to be completed by fall 2009, the improvements will increase safety and increase vehicular capacity through the interchange. A signalized entrance to the VA Hospital, a multi-use pedestrian trail which connects Gurley Street with SR 69, and drainage improvements are other notable benefits this project will bring to the Prescott community.

Access to affected businesses will be maintained at all times. Advance notice of traffic impacts will be provided to any and all interested parties.

ADOT recognizes the need for infrastructure improvement in the growing Prescott community, and is proud to partner with the City of Prescott to meet future traffic capacity needs.

### Let Us Keep You Informed

ADOT has established a project hotline to address questions and concerns regarding the project. Please call a project team member for information on this project, other area projects, or to sign up for regular email notifications of construction activity.

**Project Hotline 1-888-236-4374**

For additional information or to receive project updates on the web, please visit ADOT Prescott District Website for more information:

**[www.sr89corridor.com](http://www.sr89corridor.com)**

Construction activities will require traffic control. Construction equipment, personnel, and flaggers may be present in the work zone. Please follow all traffic control signage and adhere to the reduced speed limit. Help keep everyone safe, drive slowly and safely through all SR 89 projects.

**Thank you for Driving Safely**

### ADOT SR 89 Corridor Improvement Projects Update

#### Chino Valley Widening

ADOT is currently working to widen SR 89 through the Town of Chino Valley. The project components and associated traffic impacts can be found by visiting the website at [www.azdot.gov/PrescottProjects](http://www.azdot.gov/PrescottProjects).

#### SR 89 Improvements

ADOT has recently completed two projects on SR 89 between Chino Valley and Prescott, including a resurfacing of the roadway and completing the SR89A bridge over SR 89.

#### SR 89/69 Traffic Interchange

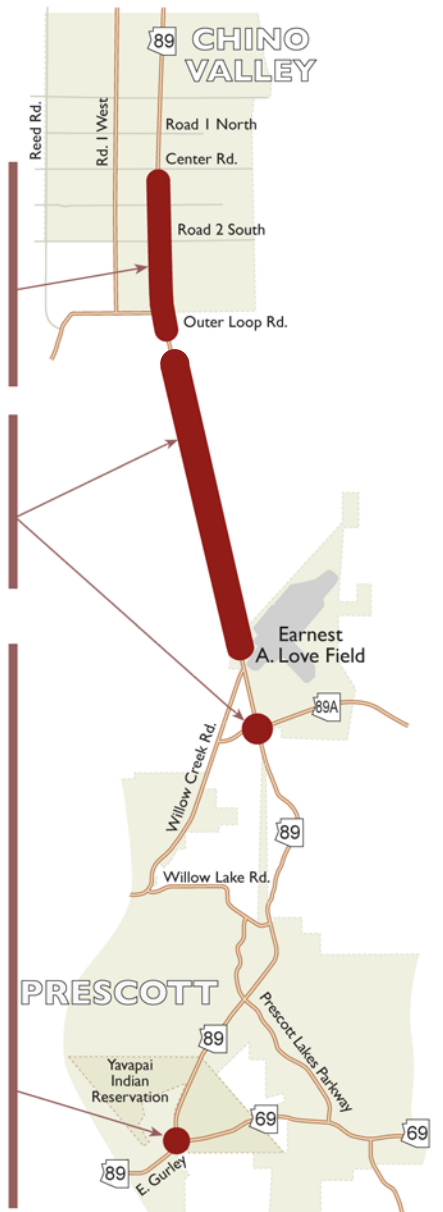

The SR 89/69 Traffic Interchange is moving into Phase III of construction. Some components of Phase III include:

- Widening of Gurley Street and Sheldon Street.

- Opening of the slip lane from southbound SR 89 to Gurley and Sheldon Streets.

- Construction of the new SR 69 bridge across SR 89 and demolition of the existing bridge.

- Opening of the shared-use path connecting the VA Hospital, Yavapai College and the Prescott National Cemetery.

Other improvements to this interchange are detailed on the reverse side of this flyer.
